

17th Annual Equipment Operator Technical Training School
And Skills Demonstration

Optimizing Road Maintenance through Employee Innovations

BECOME THE TOP GUN OF INNOVATION

The Oregon Skills Demo Committee invites you to share your maintenance ideas, inventions and innovations with your peers. We are interested in any devices, tools, equipment modifications, techniques, or processes you have developed that save you and your agency time and money.

Your efforts could bring you and your agency well deserved recognition at the 2010 Equipment Operator Technical Training and Skills Demonstration to be held at the Linn County Fairgrounds, Albany, September 14 - 16, 2010.

We encourage all participants to submit their innovations for review. Six entries will be selected by the Skills Demo Committee for presentation on the third day of our event. These finalists will be awarded the opportunity to present their ideas in front of an audience of peers. This audience will then judge the six entries and select the top three. Finalist will be notified in advance so they have time to prepare their presentation. The presentations will be up to ten minutes in length and may be in the form of an actual demonstration, power point, oral, video or any other form that will best showcase your idea.

Prizes will be awarded for the top three selections. A travelling "Top Gun of Innovation" trophy will be awarded to the best idea as judged by your peers.

Submit your entry by August 15, 2010 to be eligible for consideration. Use the entry form on the reverse side, or you may log onto www.skillsdemo.org for additional forms.

**Mail submission to: Deschutes County Road Dept, c/o Kelli Candella
61150 SE 27th Street, Bend, OR. 97702**

Or submit by email to: kellie@co.deschutes.or.us.
